A HOTEL WITH HEART AND SOUL

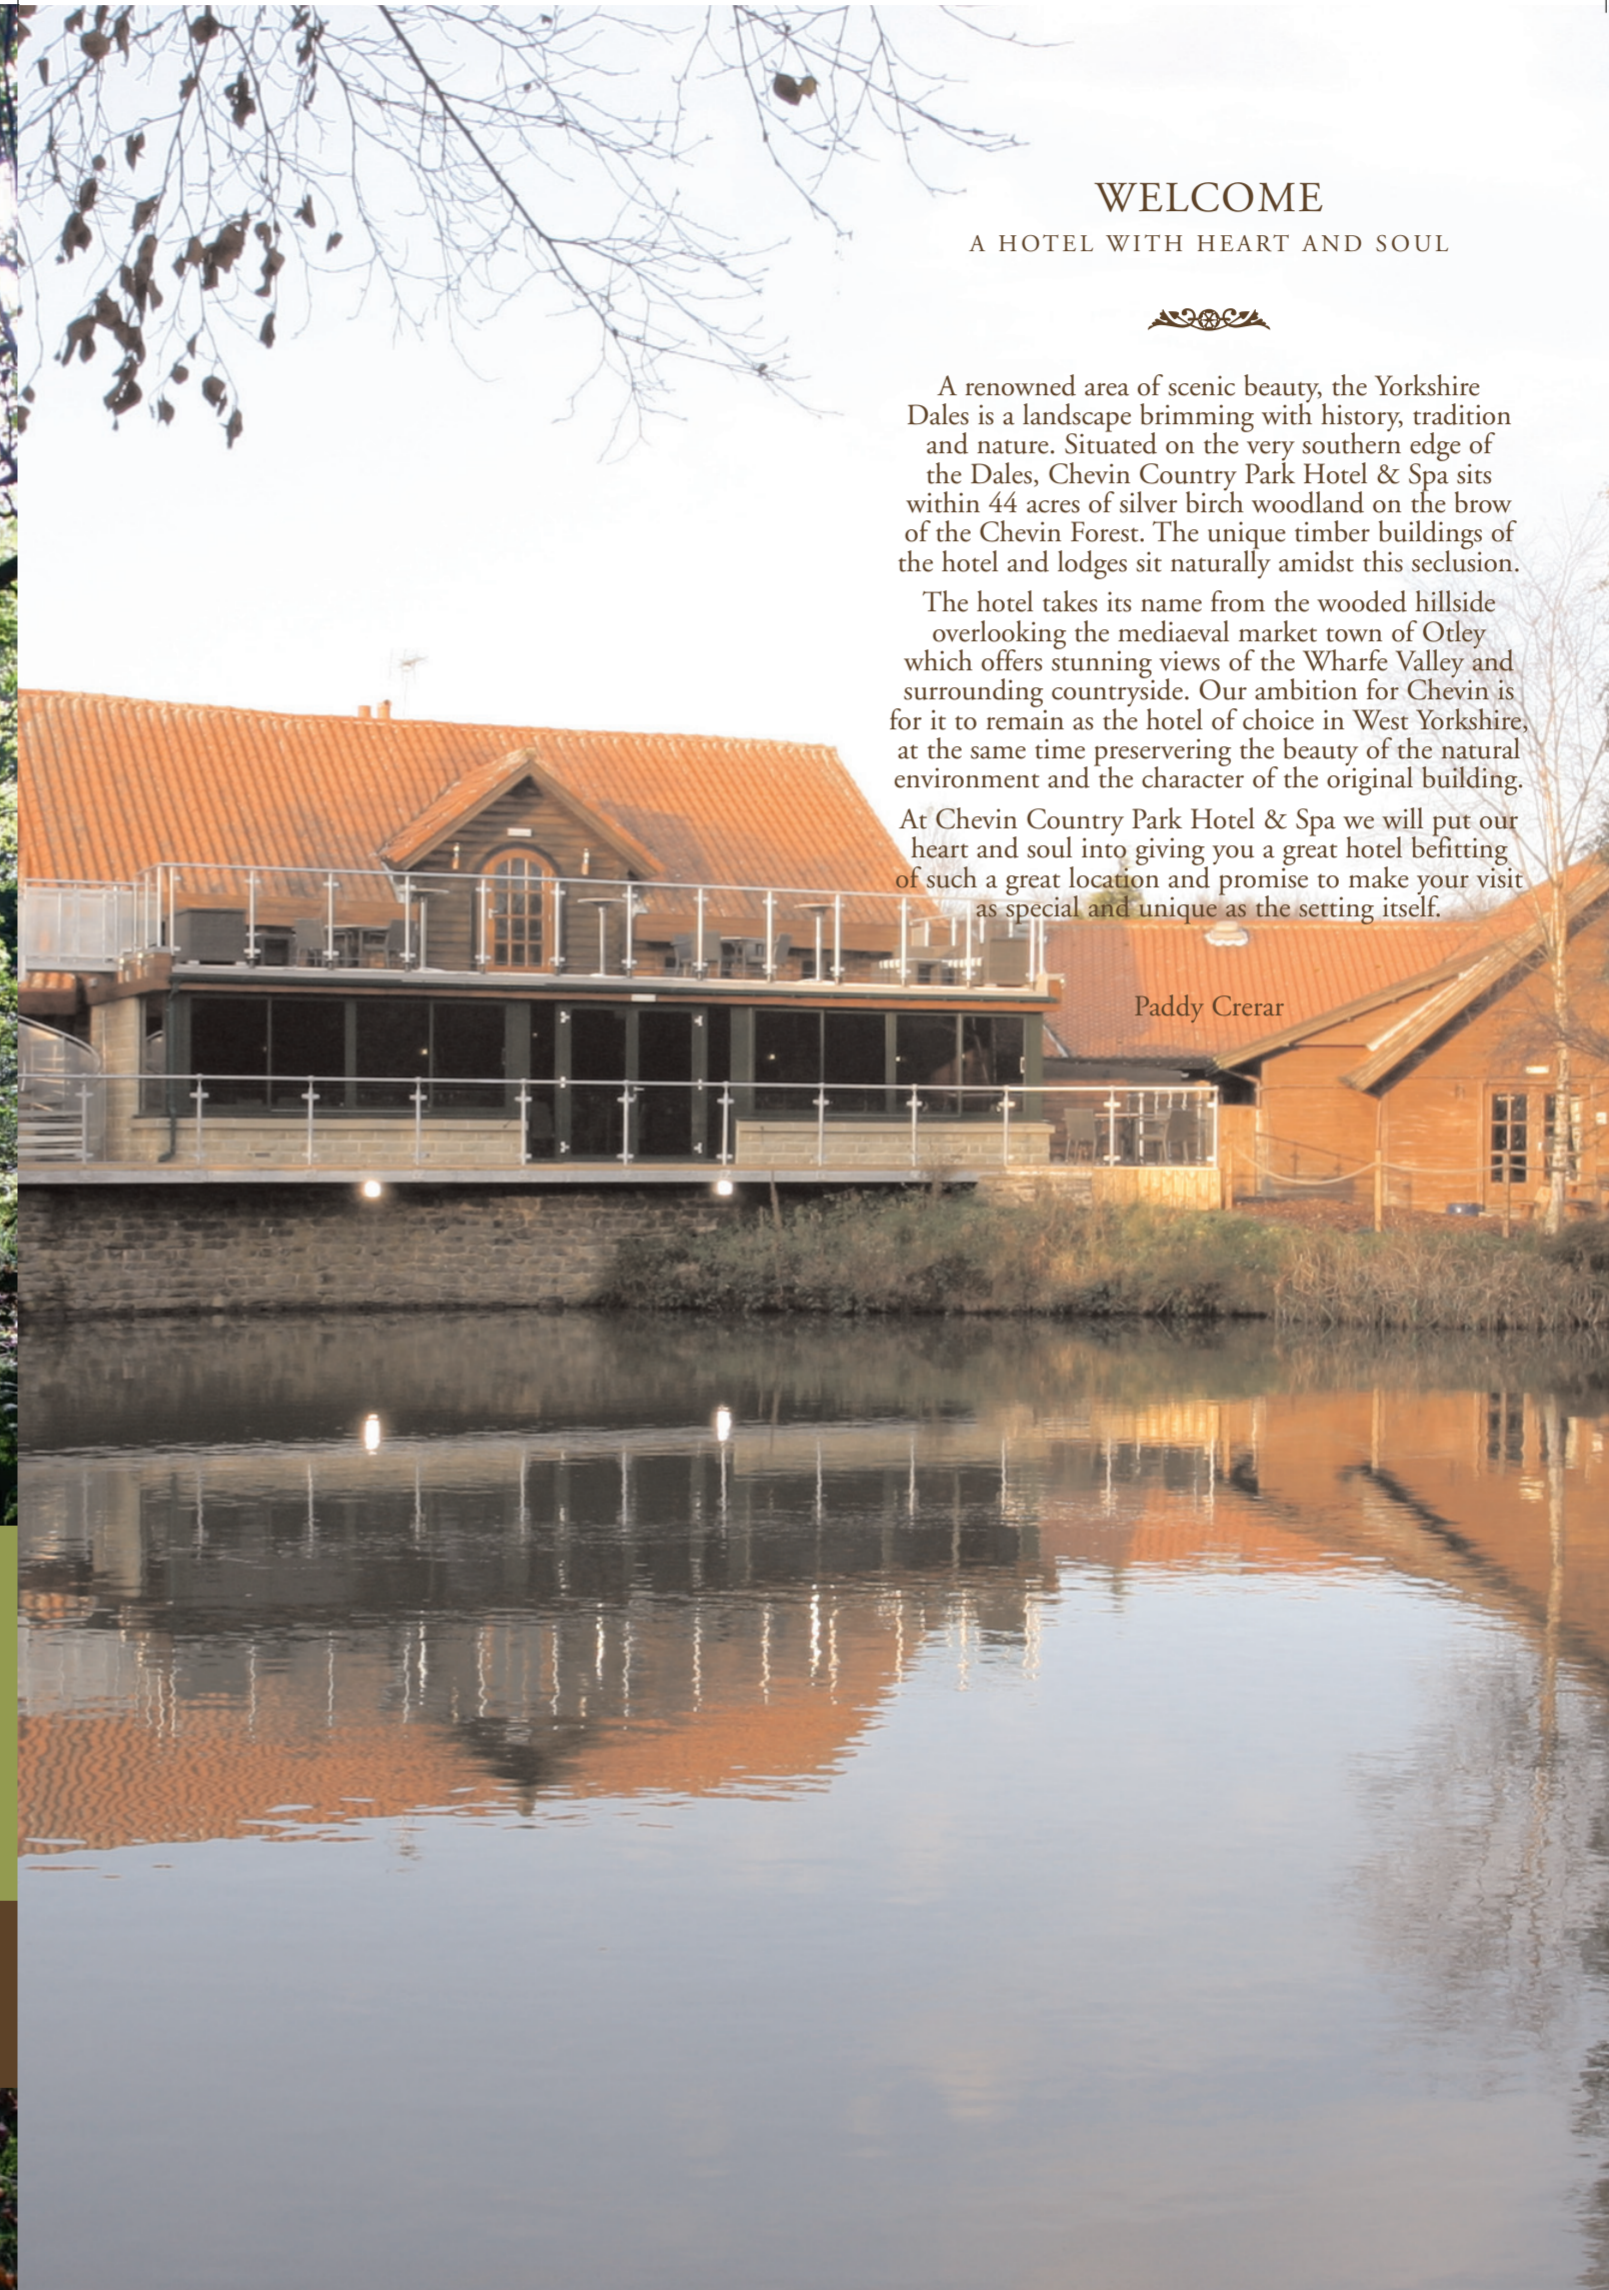

A renowned area of scenic beauty, the Yorkshire Dales is a landscape brimming with history, tradition and nature. Situated on the very southern edge of the Dales, Chevin Country Park Hotel & Spa sits within 44 acres of silver birch woodland on the brow of the Chevin Forest. The unique timber buildings of the hotel and lodges sit naturally amidst this seclusion.

The hotel takes its name from the wooded hillside overlooking the mediaeval market town of Otley which offers stunning views of the Wharfe Valley and surrounding countryside. Our ambition for Chevin is for it to remain as the hotel of choice in West Yorkshire, at the same time preserving the beauty of the natural environment and the character of the original building.

At Chevin Country Park Hotel & Spa we will put our heart and soul into giving you a great hotel befitting of such a great location and promise to make your visit as special and unique as the setting itself.
