OBAN BAY HOTEL

COFFEE EXPERIENCE

Our Piazza San Marco, lever espresso machine named after the iconic symbol of Venice, and made by Fiorenzato UK, is a one of a kind in Oban. This piece of equipment combines the original designs of the 1940's with materials and expertise from the 21st century, the result is an espresso machine that has great visual impact and produces excellent coffee. The spring loaded lever action enables optimum flavour extraction whilst allowing our baristas the opportunity of taking the theatre of coffee making to another level. We hope you enjoy!
